

Workshop on Algorithmic Trading Solutions

ANMI and RTS (Realtime Solutions) jointly organized a workshop on Algorithmic Trading Solutions on June 15, 2010 at Maharashtra chambers of commerce, Mumbai. The workshop was sponsored by RTS. This is an initial workshop with RTS as a part of concerted effort of ANMI to educate our members about the latest technology innovations and equip them with the best tools.

The RTS has conducted a series of this workshop in India in various metros such as Mumbai, Hyderabad, Kolkata and Delhi. The premiere was held in Mumbai.

RTS is a leading trading solutions provider with offices in Amsterdam, Chicago, Frankfurt, London, New York, Paris, Singapore, Stockholm and Sydney, and a distribution partner in Greece. RTS is a pioneer in the design and creation of high performance, multi-asset electronic trading software, with thousands of user connections to over 120 exchanges.

The Guest speakers for the workshop were:-

- Vinesh Dinnoo, Sales Director APAC
- Agneesh Banerjee, Algorithmic Trading Solutions Manager
- Christophe Rilinger, Head of Marketing & Communications.

The speakers mainly covered the following aspects:-

- Evolution of Algorithmic Trading.
- Advantages of Algorithmic trading.
- The target audience for whom algorithmic trading would be beneficial.

- Market participants.
- Risks that are involved in algorithmic trading.
- The procedure of using Algorithmic trading solution.

The workshop was then followed by Question and Answer Session.

The event lasted for around 3 hours which was then followed by dinner.

The workshop was well attended and liked by attendees as it was a unique concept. More than 230 Members attended the workshop.

As per the feedback of attendees, they are looking forward to attend more such informative workshops conducted by ANMI in future.
